BMW M PERFORMANCE BRAKING SYSTEM

Not all rims are compatible with Sports brake retrofit kit. Please refer to your local dealership to determine proper wheel clearance.

This braking system is directly adapted from the previous generation X5M (E70). This kit features 395mm front rotors and massive four-piston fixed front calipers, while the rear has 385mm rear rotors with single piston sliding calipers. The M Performance Braking System is an excellent addition for customers who plan to tow heavy loads or those who desire racing-level performance and feel from their brakes.

EXTENDED WARRANTY WITHOUT EXTENDED EXPENSE
All original BMW accessories come with a warranty of up to 4 years/50,000 miles*

- Safety-tested and approved by BMW engineers
- BMW design and quality

*Original BMW accessories that are installed on/in the vehicle will carry the full New Vehicle Limited Warranty if they were installed prior to the delivery to the client. If the installation is made after the retail sale of the vehicle, the accessory will be warranted for the balance of the New Vehicle Limited Warranty period, or two years from its date of installation, whichever is greater.

Each price is the suggested retail price and is subject to change. Unless otherwise stated, price excludes installation and taxes. Installed prices are based on an estimated installation time and the center's labor rate, and are subject to change. Due to the number of variables that ultimately determine freight costs, FREIGHT CHARGES ARE ESTIMATED until an order is shipped and actual freight charges are calculated. Check with your authorized BMW center for complete accuracy of information and product availability.
